portfolio-jazz.vercel.app
South-Holland, Netherlands

PROFILE

Creative Software Development student with hands-on experience building full-stack web applications from scratch. Proven ability to ship clean, organized code under real project constraints. Strong collaborator with experience in Agile/Scrum teams, UI/UX thinking, and end-to-end product delivery. Passionate about learning emerging technologies and turning ideas into working software.

PROJECTS

Yume Ramen ↗ View

Nov 2024 – Dec 2024

Built a full-stack takeaway & delivery webapp featuring an admin dashboard, user authentication (login/register), and live Mollie payment integration. Focused on clean component architecture and smooth UX.

React | JavaScript | Tailwind CSS | Three.js | Node.js

Mission To Mars ↗ View

Jan 2026 – Mar 2026

Designed and developed an inflight entertainment system for interplanetary travel. Implemented JWT-based auth with secure cookie handling, schema validation via Zod, and a PostgreSQL-backed REST API.

React | Node.js | Express.js | PostgreSQL | JWT | Zod | CSS

WORK EXPERIENCE

Part-Time Stock Clerk

Jan 2024 – Present

Jumbo Supermarkets

Managed inventory and shelf replenishment in a high-volume retail environment. Developed strong time management, communication, and teamwork skills while consistently meeting daily targets alongside a fast-paced team.

EDUCATION

MBO 4 — Creative Software Development

Sep 2024 – Present

Grafisch Lyceum Rotterdam
